EUROPLANT

ETANA

medium late, high PCN resistant and tolerant French fries variety

- light yellow flesh colour
- longoval tuber shape
- shape retaining
- high product quality

ETANA

EUROPLANT

ETANA - the beginning of a sustainable cultivation of processing potatoes

Growing recommendations				
Site requirements	average to better soil conditions; locations susceptible to rust spot should be avoided			
Planting	**Seed material sorting 35/55**	**Row width**		**Tubers/ha**
		75 cm	**90 cm**	
		34-36 cm	28-30 cm	38,000
	Planting depth	planted 2 cm deeper for high-yielding locations (max. 17 cm soil cover)		
	Seed preparation	has a good dormancy; sprout stimulation evenly before planting (7-10 days)		
	Seed dressing	dressing against Rhizoctonia solani recommended		
Herbicides	exhibits average sensitivity to Metribuzin in the post-emergence			
Foliage	average leaf health; timely and regular use of fungicides against late blight is advisable			
Harvest	ensure gentle harvest			
Fertilization incl. return of previous crop at medium supply level				
Nitrogen (N)	medium - compared to the local standard (2/3 before planting and 1/3 later)			
Phosphorus (P_2O_5)	100 kg/ha (water soluble phosphate at planting)			
Potassium (K_2O)	350-270 kg/ha (up to 80 kg/ha chloride possible; on lighter soils split doses)			
Magnesium (MgO)	70 kg/ha (for yield and quality assurance)			
Variety characteristics				
Maturity	medium late	**Tuber characteristics**		
Cooking type	C	Tuber shape	longoval	
Consumption quality	floury cooking ware potato	Eye depth	very shallow - shallow	
		Flesh colour	light yellow	
		Skin colour	yellow	
		Skin	netted	
		Number of tubers	low	
Processing quality	stable in colour with high yield and high product quality after storage	**Resistances**		
		PCN	Ro1 (9), Ro4 (9) Pa2 (9), Pa3 (8)	
		Nematode tolerance	tolerant	
Yield	good, large sized yields; safe dry matter contents	**Sensitivities**		
Youth development	rapid	Common scab	low - medium	
Dormancy	very dormant, suitable for long-term storage	Spraing	high	
		Bruising	very low - low	
		Mechanical damage	medium	

All particulars are based on official variety trials and/or our own experience. However, as potatoes are natural products we cannot undertake any liability for these details. (03/2026)
