EUROPLANT

NANDINA

very early, mainly firm cooking quality ware potato

- yellow flesh colour
- attractive, round oval tuber shape
- very early skin set
- recommended for campaign start

NANDINA

EUROPLANT

NANDINA - excels by very early skin set and harvestability

Growing recommendations				
Site requirements	average to better soil conditions; locations susceptible to scab should be avoided			
Planting	**Seed material sorting 35/55**	**Row width**		**Tubers/ha**
		75 cm	**90 cm**	
		32-34 cm	27-28 cm	40,400
	Planting depth	standard		
	Seed preparation	has a good dormancy; a temperature shock before setting up for pregermination or before planting is particularly important		
	Seed dressing	seek advice; may be sensitive to individual active ingredients		
Herbicides	no sensitivities are known when used properly			
Foliage	average leaf health; timely and regular use of fungicides against late blight is advisable			
Harvest	to ensure a quick skin stability and quality a stepwise haulm reduction is recommend			
Fertilization incl. return of previous crop at medium supply level				
Nitrogen (N)	medium - compared to the local standard (whole amount at planting)			
Phosphorus (P_2O_5)	100 kg/ha (water soluble phosphate at planting)			
Potassium (K_2O)	325-245 kg/ha (to ensure the rapid storage of substances preferably sulphate potassium)			
Magnesium (MgO)	60 kg/ha (for yield and quality assurance)			
Variety characteristics				
Maturity	very early	**Tuber characteristics**		
Cooking type	B	Tuber shape	roundoval	
		Eye depth	shallow - medium	
		Flesh colour	yellow	
		Skin colour	yellow	
		Skin	smooth	
		Number of tubers	medium	
Consumption quality	mainly firm cooking; early dry matter content; no discolouration after cooking	**Resistances**		
		PCN	Ro1 (9)	
		Potato wart disease	1	
Yield	good tuber yield with uniform grading; high marketable yield	**Sensitivities**		
		Common scab	low - medium	
Youth development	rapid	Spraing	low - medium	
		Bruising	low	
Dormancy	good dormancy	Mechanical damage	medium	

All particulars are based on official variety trials and/or our own experience. However, as potatoes are natural products we cannot undertake any liability for these details. (07/2023)
